

# Millfield Primary

Eco Pledge  
2023-2024

## Our Aim

We will make others aware of ways to lower our water usage in school. The class eco monitors will be responsible for monitoring water use as well as electricity use.

We pledge to improve our outdoor area in order to provide a sustainable environment for wildlife. We hope to do this by eg planting flowers and plants, placing bird boxes and bat boxes. We will collaborate with Gardening Club.

# Updates and progress

Introduced Eco Monitors into all classrooms.

Water use awareness

Plans for how to improve outdoor area in order to encourage wildlife

## Update 1

30/10/23

Classroom posters created & eco-monitors introduced in each class.

## Update 2

December 2023

Eco council discussed where & how water is wasted in school. Began to make posters to display around school & write a letter to SBM about fixing leaking taps

## Update 3

# What are the next steps?

1. Raise awareness re saving water in school eg posters, stickers, writing a letter.
2. Plan ways to encourage wildlife into outdoor area of school.
